

Director of Engineering & Construction

The **Town of Oakville** is a sought-after place to live and work. With a growing population of more than 190,000, Oakville takes pride in being a well-connected community with excellent infrastructure and facilities. Bordered to the south by Lake Ontario, the Town of Oakville has a rich history, a thriving cultural community, abundant green space and an active and engaged population.

Reporting to the Commissioner of Community Development, the Director of Engineering & Construction provides senior level leadership and direction in the delivery of municipal engineering and public works infrastructure. This position oversees a large capital budget program and partnerships with other levels of government. The position is responsible for the long, medium and short-term planning, design and implementation of infrastructure and monitoring the neighbourhood impacts of the Town's transportation network and these capital projects.

A PEng with more than 15 years of related experience, the ideal candidate is solutions driven, creative, and able to work in a corporate setting. Respected in the industry and able to balance technical knowledge with strategic direction, you are able to build relationships and credibility while managing the competing needs of a variety of stakeholders, both internal and external. You see the big picture and how your portfolio fits within the Town's overall strategic plan and are an effective and persuasive presenter. Here is your opportunity to bring your technical, strategic, and leadership skills to Canada's most livable community.

To explore this opportunity further, please contact Julia Robarts in Odgers Berndtson's Toronto office at 416-366-1990 or submit your resume and related information online to <https://www.odgersberndtson.com/en/careers/15377> by **March 16, 2019**.

The Town of Oakville is an equal opportunity employer. In accordance with the Accessibility for Ontarians with Disabilities Act (2005), upon request, accommodation will be provided by both Odgers Berndtson and the Town of Oakville throughout the recruitment, selection and/or assessment process to applicants with disabilities.
