

MEA APPOINTS NEW BOARD OF DIRECTORS AT 2019 AGM

The Municipal Engineers Association (MEA) is a non-profit association representing the interests of nearly 900 professional engineers in Ontario who are employed in the municipal engineering and public works sectors at Ontario municipalities, Provincial agencies as well as consulting engineering firms acting as the engineer-of-record for Ontario municipalities.

The MEA's many interests include significant involvement (development and oversight) as the main proponents of the Municipal Class Environmental Assessment (MCEA) process and Ontario Provincial Standards (OPS). Many of our members participate in committees that establish standards and specifications for OPS. The MEA has also awarded over \$125,000 in bursaries since 2008 to students entering the first year of an accredited university engineering program.

The MEA recently held its Annual General Meeting on November 28, 2019 at the Blue Mountains Village Resort where a new Board was elected. We are pleased to present the new Board for the 2019/2020 term.
